Terms and Conditions

General Data

1. Additional charges apply for usage exceeding the included monthly data allowance. Excess data charges are not deducted from the value of your voice Cap. Unused included value and data expire each month. Some services excluded. Data included is for use in Australia only. Subject to Vodafone's Fair Use Policy.
2. All Vodafone services are subject to local and overseas network limitations and availability and individual handset and device capabilities. 3G services are only available in 3G coverage areas with a 3G capable device. 3G available in selected metro areas of capital cities and some larger regional centres. Mobile Broadband available in 3G Mobile Broadband Zones. Typical download speeds between 300 kbps and 1.5 mbps. Boost speeds of up to 3.6 mbps may be experienced on some metropolitan areas. Slower access and download speeds may be experienced on Vodafone's 2.5 G network and in regional areas. Individual customer experience may vary – data capacity and speed may vary due to coverage, location, hardware and software configuration, capability and load of sites visited and general network and internet traffic. Some email and internet services may not be accessible. For the latest information on Vodafone's network in Australia or overseas, visit vodafone.com.au/coverage.
3. Minimum monthly spend and other costs associated with your voice contract are charged in addition to the minimum monthly access fee of your data service.
4. Minimum monthly spend and minimum total cost over contract term (if applicable) of your selected data service is in addition to any additional device repayments (if applicable) and additional or excluded data and service costs.
5. A session starts when you connect to the Data Services and ends when you are disconnected from the Data Services.
6. Minimum monthly access fee charged on a pro rata basis if you connect to a data service mid-billing cycle. You will receive the entire monthly included data for these pro-rated periods. Minimum monthly access fee is not pro rated if you cancel the service mid bill cycle. You will receive the entire months included data.

Single User Mobile Broadband

7. Mobile Broadband (MBB) is available to credit approved customers who commit for a minimum contract period of 24 months. Minimum monthly spend: \$24.95 (1GB being \$19.95 plus \$5 for the USB Internet Stick or the Data Card); \$39.95 (5GB). Minimum spend over 24 months: \$598.80 (1GB); \$958.80 (5GB). Early Exit Fee applies if not connected for 24 months. Early Exit Fee: \$15 plus \$5 for USB modem (1GB plan); \$25 (5GB plan) x months remaining on contract. These are in addition to any other handset / device repayments, voice plans, additional or excluded call or service costs or additional or excluded data usage.
8. Additional data usage charged at \$0.10 per MB (no minimum session). MBB only includes data accessed through a Vodafone approved device. Data subject to 1 month expiry. Included data not used by end of

monthly billing period or when customer terminates their contract with Vodafone is forfeited. Included data is for use in Australia only. Vodafone's Fair Use Policy applies.

9. If you change to an MBB Bundle with less included data, you will incur a charge of \$10 x months remaining on plan. Only one Mobile Broadband Bundle change is permitted per billing period.

10. All Vodafone services are subject to local and overseas network limitations and availability and individual handset capabilities of both caller and receiver. Some data and internet services and sites may not be accessible. Mobile Broadband is available in Vodafone's 3G broadband network areas. 3G available in selected metro areas of capital cities and some larger regional centres. Mobile Broadband available in 3G Mobile Broadband Zones. Typical download speeds between 300 kbps and 1.5 mbps. Boost speeds of up to 3.6 mbps may be experienced on some metropolitan areas. Slower access and download speeds may be experienced on Vodafone's 2.5 G network and in regional areas.
